908-297-5528

olya.humen@gmail.com

Linden, New Jersey 07036

PROFILE

Highly motivated Front-End/UI-UX Developer with a bachelor's degree in Computer Science and valuable apprenticeship experience, seeking a challenging position to utilize technical expertise and eager to learn new skills in a dynamic and collaborative environment. Passionate about leveraging technology to solve real-world problems and continuously improve processes and user experiences.

Highly adaptable and quick to learn new concepts, with excellent communication skills and a proactive attitude. Experienced in working with cross-functional teams, contributing to both technical and non-technical projects. Strong attention to detail and a commitment to delivering high-quality work. Ready to embrace new challenges and opportunities, bringing a fresh perspective and a strong work ethic to any role. Dedicated to continuous personal and professional growth, and excited to make a meaningful impact in diverse fields.

WORK EXPERIENCE

Manual Tester

REMOTASKS – New Jersey, United States

October 2023 - May 2024

Responsible for manual testing specializing in chat bot development.

- Developed and implemented comprehensive test plans outlining scenarios and test cases specific to chat bot functionalities.
- Conducted hands-on testing of the chat bot, meticulously assessing user interactions, responses, and overall performance.
- Identified and documented software defects, ensuring a thorough understanding of potential challenges and collaborated with the development team for effective resolution.
- Worked closely with developers, product managers, and other stakeholders to communicate testing progress, address issues, and contribute to the overall improvement of the chat bot.
- Created detailed test documentation, including test cases, test scripts, and test reports to maintain a comprehensive record of testing activities.
- Performed regression testing to ensure that new developments do not adversely affect existing chat bot functionalities.

Internship Front End Developer

INDASTRIAL GLASS SOLUTION – Kyiv, Ukraine

January 2023 - April 2023

Responsible for maintaining and enhancing an already existing web application.

- Collaborated with the development team to identify and address bugs, issues, and performance improvements in the application's front-end codebase.
- Assisted in implementing new features and functionalities based on user feedback and business requirements.
- Worked closely with UX/UI designers to ensure consistency and usability across the application.
- Conducted thorough testing and debugging to ensure the application's stability and optimal performance.
- Actively participated in code reviews and provided feedback for code quality and best practices.

Internship Front End Developer

HARWIND – Kyiv, Ukraine

January 2022 - April 2022

Collaborated with a team of developers to create a new page for an existing web application.

- Worked with company's designers, product managers and developers to achieve design goals and directly helped advance organizations design system documentation.
- Played an integral role in the development process of an additional web page of an existing web application, working closely with senior developers to implement front-end functionalities using HTML, CSS, and JavaScript.
- Assisted in conducting code reviews and debugging to ensure the quality and efficiency of the web page.
- Contributed to the design and layout of the page, applying UI/UX principles to enhance user experience and navigation.
- Actively participated in team meetings and brainstorming sessions, providing valuable insights and suggestions for improving the overall functionality and aesthetics of the application.

OLHA HUMEN

FRONT END DEVELOPER / UI-UX DESIGNER

TO WHOM IT MAY CONCERN,

As a highly motivated Front-End/UI-UX Developer with a bachelor's degree in Computer Science and valuable apprenticeship experience, I am eager to apply my technical expertise and learn new skills in a dynamic and collaborative environment.

I am passionate about leveraging technology to solve real-world problems and continuously improve processes and user experiences. Throughout my academic and professional journey, I have developed a strong foundation in creating innovative user interfaces and engaging web applications. My ability to adapt quickly, learn new concepts, and effectively communicate with cross-functional teams has allowed me to contribute successfully to both technical and non-technical projects.

My commitment to delivering high-quality work is evident in my strong attention to detail and proactive attitude. I am dedicated to continuous personal and professional growth and am excited about the opportunity to bring a fresh perspective and a strong work ethic to my future team. Furthermore, I want to emphasize that I am looking for a permanent position where I can make a long-term impact, rather than using this opportunity as a stepping stone.

I am ready to embrace new challenges and opportunities, making a meaningful impact in diverse fields. Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and ambitions align with the needs of your team.

SINCERELY,

OLHA HUMEN
